Professional Services

Management Liability and Professional Liability

In today's business climate, your clients seek insurance products and solutions to meet their changing needs

CNA offers a flexible package of Management Liability and Professional Liability insurance coverages. CNA Canada accepts submissions for Technology, Healthcare, and Directors and Officers liability insurance for private and publicly traded companies.

You already know us for our popular oneworld+℠ policy. Today, your clients confront a full range of risk exposures, which can be covered through the products of a single insurance company. With CNA, they will have the confidence that comes from working with an insurer that has the financial strength, experience and international breadth to serve you and your clients.

Included coverage options:

- Directors & Officers (D&O) Liability
- Employment Practices Liability (EPL)
- Fiduciary Liability
- Crime
- Miscellaneous Professional Liability
- Technology & Telecommunications Liability and more

CNA's appetite covers various professional service providers:

Technology

- Software Developers
- IT Services Firms
- Hardware Manufacturers
- Electronics Companies
- Internet Service Providers
- Media Organizations – Print & Electronic

Healthcare

- Life Sciences Firms
- Aging Services Providers
- Allied Healthcare Facilities and Providers

Miscellaneous

- Management Consultants
- Lawyers
- Accountants
- Advertising Firms
- Travel Agencies

Management Liability

- Private Companies
- Publicly Traded Companies – U.S
- Publicly Traded Companies – Canada

CNA is rated "A" for financial strength by A.M. Best, and has relationships with brokers to meet the insurance needs of Canadian businesses with local and international market presence.

Technology

- **Software and IT Services** – companies that offer software development, computer programming, data processing, consulting, internet-related services, system analysis and design, software consulting and training, and information retrieval.
- **Electronics Manufacturers** – companies that manufacture products that are used to process or display data, including component parts of those systems, companies that manufacture instruments that are controlled electronically.
- **Communications Companies** – telecommunications/cable companies who sell or resell local, long distance, paging, data services, internet bandwidth, internet, cable, cellular and land line services or equipment.
- **Media** – producers and creators of electronic and traditional content.

Healthcare

- **Aging Services** – skilled and assisted nursing home facilities, independent living centers, home and community-based aging services organizations.
- **Allied Healthcare Facilities** – outpatient facility or service that provides medical, clinical or mental health services, outside of a hospital; examples include labs, medical testing facilities, ambulatory surgery centers, imaging centers, etc.
- **Life Sciences** – pharmaceutical companies, biotechnology firms, medical device manufacturers, clinical research/clinical trial organizations, nutraceutical companies and medical product distributors.
- **Hospitals** – all types, sizes and venues including multi-hospital systems, integrated delivery systems, university medical centers and specialty hospitals such as pediatric, cardiac, psychiatric, cancer treatment, rehabilitation, long-term acute care (LTAC) and critical access facilities.
- **Nurses and Allied Healthcare Providers** – professional liability for nurses and other allied healthcare professionals.
