

Construction

Construction

CNA Canada has helped construction companies build and protect their businesses and reputations for more than 60 years. This depth of experience, combined with our financial strength, has made CNA the preferred choice for thousands of contractors in North America. Our long history of partnering with respected distribution partners has enabled us to develop insurance solutions with unique enhancements for a broad spectrum of middle market construction businesses.

Target Classes

CNA will underwrite commercial, industrial, institutional and civil risks for:

- Building construction – general/trade/subcontractors.
- Drilling contractors (includes oil & gas, water and core sample drilling).
- Electrical contractors and systems contractors.
- Forming and concrete contractors.
- HVAC, mechanical and sheet metal fabricating contractors.
- Land improvement and earth-moving contractors.
- Lawn care professionals, landscape management contractors, design/build/installation professionals.
- Renewable energy contractors specializing in wind, solar and geothermal energy.
- Road paving contractors – asphalt and concrete.
- Utility contractors, such as water, sewer, gas and underground infrastructure construction.
