International Casualty

Comprehensive Insurance Solutions for Global Casualty Exposures

Large multinational organizations are highly complex – and so are the risks and exposures they face every day. With more than 30 years of providing international insurance, CNA writes an array of large multinational casualty programs reflecting a broad underwriting appetite. Our International Casualty team has the experience, technical expertise and global reach to deliver customized solutions when it matters most, which is why a growing number of multinational businesses turn to CNA to help manage their increasingly complex global casualty programs.

Global Capabilities

In today's global business environment, success is increasingly sought across national borders. Because domestic insurance programs typically don't cover overseas events, your clients need international coverage that follows their business and their employees around the world. CNA's network has a combination of global owned offices and 226 strategic network partners spanning 200+ countries and territories. We have a broad product array that complements our domestic primary and umbrella offerings, combined with our worldwide network and ability to navigate evolving country-specific regulations and compliance issues, we are able to create end-to-end global solutions for clients with international risk exposures.

CNA's Strategic Network Capabilities Include:

- Timely and consistent administration of each CNA Oneworld+ Control Master Program (CMP)
- Worldwide coverage through locally owned branches and network partners around the globe
- Multiple partners within the same country to better serve your clients
- Flexibility of pricing and terms driven by controlling underwriter (subject to tariff)
- CNA Companion Services®, providing emergency medical, personal, legal and travel assistance to our insureds
- Strong international capabilities rooted in local presence overseas, with a network of business partners in over 200 countries and territories.

Real-Time Policy Reporting

We arrange for the issuance of local admitted policies on behalf of our insureds through our CNA offices and network partners via the CNA ComPass™ platform. This state-of-the-art platform manages policy issuance globally, and enables CNA to provide real-time local admitted policy issuance status updates.

We can provide this status for each local admitted policy we arrange at any point during the local policy issuance cycle. The result is a truly global account management process for our insureds.

International Solutions Successes

International Claims and Risk Control Expertise

Preventing losses saves money in every currency. No matter where your clients do business, CNA gives them access to certified Risk Control professionals, risk mitigation programs and online resources that can protect against exposures that could disrupt operations. Our experienced Risk Control consultants have in-depth knowledge of local requirements. With multinational Risk Control representation, CNA is able to provide services that adapt to your clients' expanding needs.

Consistent and seamless from claim reporting to resolution — that's the CNA approach to claims handling. Beginning with just one phone call to report a claim, available 24/7, each claim is promptly assigned to a highly experienced Claims professional specialized in handling claims for your line of business. We have a long and compelling track record of helping policyholders get their businesses up and running quickly and with as little disruption as possible.

Stability and Financial Strength

CNA is one of the largest U.S. commercial property and casualty insurance companies. Backed by more than 125 years of experience, CNA provides a broad range of standard and specialized insurance products and services for businesses and professionals in Canada, the U.S. and Europe.
