

Canada | 2026

Financials at a Glance

“ CNA Canada closed the year with strong performance, driven by disciplined underwriting, thoughtful growth and consistent execution across the business. Operating income reached \$120 million, with an underlying combined ratio of 93.1%, reflecting the strength of our portfolio, the quality of our risk selection and the rigor our teams bring to managing complexity in a dynamic market. Backed by CNA’s global financial strength and a clear strategic direction, we enter 2026 with momentum and confidence. We’re well positioned to support our brokers and policyholders with reliable solutions, responsive service, and long-term, dependable growth. ”
