

Risk Control

5 Reasons CNA is a Leader in Loss Prevention for Contractors

CNA Canada has unique insight into the risks contractors face every day. It's our commitment to excellence and our experience that enable us to offer you risk control expertise that can help prevent injury and property damage. CNA Build™ insurance products are underwritten in Canada by Continental Casualty Company.

1 CNA Risk Control Services and Programs – resources that support the unique needs of contractors include: Hazard Analysis, Sprinkler Plan and Water Supply Review, Fire Protection/Property Engineering Consulting, Crime Susceptibility Reviews, and Contractors Equipment Loss Control.

2 CNA Risk Control Exposure Guides – step-by-step processes that can be adopted by any contracting enterprise to help prevent exposures or bring an awareness to potential risks.

3 CNA School of Risk Control Excellence – complimentary classes on a variety of topics designed to help contractors identify and reduce loss exposures.

4 Online Access to CNA Risk Control – instant access to current information regarding health, safety and regulatory issues cnacanada.ca/risk_control.

5 CNA Risk Control Global Capabilities – experienced Risk Control consultants with in-depth knowledge and understanding of local laws, regulations, and issues.

For more information, please contact your local CNA underwriter or visit our website at cnacanada.ca.
