Inland and Ocean Marine Insurance Solutions

Specialists Who Go the Distance to Deliver

As one of the most experienced marine insurers, CNA's Marine program is committed to staying specialized and nimble to evolving exposures and policyholder needs. You won't find an off-the-shelf package here. We provide extensive technical expertise, attentive service and a truly dedicated team to support brokers and agents in safeguarding what matters to their clients.

A Tailored, Comprehensive Package

We pride ourselves on offering a full suite of products and services that can be tailored to solve for the unique needs and business opportunities of companies around the world.

- Comprehensive Marine package that can be coupled with the collateral line allows for flexible, individualized solutions to risk exposures.
- Dedicated underwriting team, Risk Control specialists and Marine Claim professionals openly collaborate and actively listen to brokers, agents and policyholders to better address and mitigate client exposures at every stage.
- Ocean Marine coverages address goods shipped by water or air. This includes all intermediate transit by rail or truck as well as incidental warehouse storage. To ensure the highest level of flexibility, multiple levels of risk coverage are available in addition to customized coverages for specialized commodities.
- Inland Marine coverages are varied, spanning risks related to accounts receivables, buildings under construction, communications equipment, data processing, fine art, mobile property and equipment and more.
